Project Agreement Terms and Conditions

The following terms and conditions are incorporated into and a part of the agreement between Contractor and Customer (the "Agreement"):

1. Customer shall permit Contractor free and timely access to areas and equipment, and allow Contractor to start and stop the equipment as necessary to perform required services. All planned work under this Agreement will be performed during the Contractor's normal working hours.
2. Contractor warrants that the workmanship hereunder shall be free from defects for thirty (30) days from date of installation. If any replacement part or item of equipment proves defective, Contractor will extend to Customer the benefits of any warranty Contractor has received from the manufacturer. Removal and reinstallation of any equipment or materials repaired or replaced under a manufacturer's warranty will be at Customer's expense and at the rates in effect. CONTRACTOR MAKES NO OTHER WARRANTIES, EXCEPT AS DESCRIBED HEREIN, AND EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
3. Contractor may invoice Customer on a monthly basis. Customer will promptly pay invoices within thirty (30) days of receipt. Should a payment become thirty (30) days or more delinquent, Contractor may stop all work under this Agreement without notice and/or cancel this Agreement, and the entire Agreement amount shall become due and payable immediately without notice or demand. In addition, if Contractor does not receive payment of a properly submitted invoice within thirty (30) days, Customer shall accrue a late charge on the balance outstanding at the lesser of (a) 1 1/2% per month of (b) the highest rate allowed by law, in each case compounded monthly to the extent allowed by law.
4. Any alteration to, or deviation from, this Agreement involving extra work, cost of materials or labor will become an extra charge (fixed price amount to be negotiated or on a time-and-materials basis at Contractor's rates then in effect) over the sum stated in this Agreement.
5. In the event Contractor must commence legal action in order to recover any amount payable or owed to Contractor under this Agreement, Customer shall pay Contractor all court costs and attorneys' fees incurred by Contractor.
6. In the event of a breach by Contractor of the terms of this Agreement, including without limitation Section 2, or in the event Customer incurs any liability in connection with the rendering of services by Contractor, Customer's sole remedy against Contractor shall be for Contractor to re-perform the services in accordance with the warranty or, if such services cannot be re-performed or such re-performance does not cure the breach or the liability, to refund to Customer the amount paid to Contractor under this Agreement, up to Customer's direct damages caused by such breach or liability. Notwithstanding the foregoing, in no event shall the liability of Contractor in connection with any products or services, whether by reason of breach of contract, tort (including without limitation negligence), statute or otherwise exceed the amount of fees paid by Customer to Contractor for those products or services. Further, in no event shall Contractor have any liability for loss of profits, loss of business, indirect, incidental, consequential, special, punitive, indirect or exemplary damages, even if Contractor has been advised of the possibility of such damages. In furtherance and not in limitation of the foregoing, Contractor shall not be liable in respect of any decisions made by Customer as a result of Contractor's services. Any action, regardless of form, against the Contractor relating to this Agreement, or the breach thereof, must be commenced within one (1) year from the date of the work.

7. Contractor shall not be liable for any delay, loss, damage or detention caused by acts or circumstances beyond its control including, without limitation, unavailability of machinery, equipment or materials, delay of carriers, strikes, including those by Contractor's employees, lockouts, civil or military authority, priority regulations, insurrection or riot, war, acts of terrorism, action of the elements, forces of nature, or by any cause beyond its control.

8. To the fullest extent permitted by law, Customer shall indemnify and hold harmless Contractor, its agent and employees from and against all claims, liabilities, damages, losses and expenses (including but not limited to attorneys' fees) arising out of or resulting from the performance of work hereunder or any act or omission arising out of or related to this Agreement, provided that such claim, damage, loss or expense is caused in whole or in part by an active or passive act or omission of Customer, anyone directly or indirectly employed by Customer, or anyone for whose acts Customer may be liable, regardless of whether it is caused in part by the negligence of Contractor. Further, and notwithstanding the preceding sentence, Contractor shall be held harmless and shall not be liable to Customer for any claims, liabilities, damages, losses and expenses related to mold or to the creation of mold at Customer's location(s) and shall have no obligation to treat, identify or remove such mold.

9. Customer shall make available to Contractor's personnel all pertinent Material Safety Data Sheets (MSDS) pursuant to OSHA'S Hazard Communication Standard Regulations.

10. Customer shall be responsible for all taxes applicable to the services and/or materials hereunder.

11. Contractor's obligation under this proposal and any subsequent contract does not include the identification, abatement or removal of asbestos, mold or any other toxic or hazardous substances, hazardous wastes or hazardous materials. In the event such substances, wastes and materials are encountered, Contractor's shall have the right thereafter to suspend its work until such substances, wastes or materials and the resultant hazards are removed. The time for completion of the work shall be extended to the extent caused by the suspension and the contract price equitably adjusted. As previously provided, Contractor shall be held harmless and shall not be liable for any claims, liabilities, damages, losses and expenses related to such substances, wastes and materials, including the failure to identify or notify Customer of such substances, wastes and materials.

12. This Agreement is between Contractor and Customer alone, and neither intends that there be any third party beneficiaries to this Agreement. Without limiting the generality of the foregoing, by entering into this Agreement and providing services on Customer's behalf, Contractor is not assuming any duty or obligation to any of Customer's employees, vendors, clients, subcontractors, agents, shareholders, partners or members. Customer agrees to indemnify and hold Contractor harmless from and against any and all liabilities, losses, claims, costs, expenses and damages (including without limitation reasonable attorneys' fees) incurred by Contractor by reason of a claim brought against Contractor by any of Customer's employees, vendors, clients, subcontractors, agents, shareholders, partners or members with respect to the services provided by Contractor on Customer's behalf.

13. Each of the parties hereto is an independent contractor and neither party is, nor shall be considered to be, an agent, distributor or representative of the other. Neither party shall act or present itself, directly or indirectly, as an agent of the other or in any manner assume or create any obligation on behalf of, or in the name of, the other.

14. These terms and conditions, together with the attached documents, constitutes the entire agreement and understanding among the parties hereto and supersedes any and all prior agreements and understandings, oral or written, relating to the subject matter hereof. It sets forth the terms for the provision of any products or services Contractor may provide Customer, whether in connection with the particular engagement that is identified as the subject of this Agreement or otherwise, unless and until a written instrument is signed by an authorized representative of Contractor agreeing to different terms. This Agreement shall not be assignable by Customer and Contractor without the express prior written consent of either party. This Agreement shall be governed by and construed in accordance with the laws of the State of the Contractor's headquarters are located, without giving effect to that State's conflicts of laws principles.

15. If paying with credit card a 3% surcharge will be added to total project price.

16. The quoted price set forth herein does not include the cost impact of any tariffs or other taxes or embargos which may be imposed by the United States or any of its trading partners. To the extent the cost of any materials/equipment/items procured in furtherance of a subcontract or purchase order based upon this proposal is impacted by the imposition of any tariffs, tax or embargo, the actual documented cost of such shall be billed to, and be reimbursed by Customer, along with any schedule adjustments necessitated thereby. This Bid is expressly contingent upon the right to recovery of cost escalation set forth above. By accepting this Bid, Customer agrees that the resulting contract will include language providing for such right to recovery, and that such right of recovery will not be conditioned upon Customers own recovery from a higher-tier contracting party.

Executive Summary

Customer Needs

The Services proposed in this agreement are specifically designed for CASS COUNTY CIRCUIT COURT, and the services provided herein will help you in achieving your facility goals.

Services Included

Siemens will provide the following services.

Service Description

- Test & Inspection – Fire Alarm System Annual
- Test and Inspection of Kitchen Hood Suppression System Semi-Annual
- Inspection of Portable Fire Extinguishers Annual
- Test & Inspection – Sprinkler Annual

Siemens Capabilities & Customer Commitment

Siemens Industry, Inc. is a leading single-source provider of cost-effective facility performance solutions for the comfort, life safety, security, energy efficiency and operation of some of the most technically advanced buildings in the world. For more than 150 years, Siemens has built a culture of long-term commitment to customers through innovation and technology. Siemens is a financially strong global organization with a Branch network that delivers personalized service and support to customers in multiple industries and locations.

References are available upon request.

Building Services – Fire

Services that deliver the outcomes you want to achieve.

Services delivered by Siemens have been developed to help you achieve the outcomes you expect.

Fire Safety industry acronyms used in the following service descriptions:

AHJ – Authority Having Jurisdiction

NFPA – National Fire Protection Association

Manage System Operation & Compliance

Fire Alarm System – Annual Test & Inspection

Siemens will perform the required annual test of the fire alarm system using the locally adopted NFPA 72 edition's recommended methods as guidelines. Siemens will provide the necessary documentation to aid in satisfying local code and AHJ requirements. A list of equipment covered, along with test frequencies, can be found in the Equipment Related Services table of this Agreement.

Siemens will perform visual inspection and verify proper operation of the following:

- Identify and document conditions that may compromise the electrical components or operation of the fire alarm system
- Inspect the fire alarm control panel as well as remote panels, if any
 - Check voltage readings, amperage, and battery capacity
 - Check wire terminals for loose connections on batteries
 - Check fuses, LEDs, and lamps
- Test and Inspect initiating devices
 - Verifying that each device is accurately represented on the fire alarm control panel
- Test and Inspect notification appliances
- Test and Inspect the activation of all output relays
- Test and Inspect condition and operability of smoke detectors, heat detectors, duct detectors, manual pull stations, monitor module and other initiating devices found in the Equipment Related Services table of this Agreement
- Test central station communication of alarms, if monitored
- Inspect and activate outputs that trigger interconnected equipment and systems (Elevator, Smoke Control, Automation, Security, HVAC, etc.)
- Confirm all fire alarm initiating devices returned to normal operating conditions
- Produce a complete report acknowledging all inspections and tests, identifying any deficiencies, and recommending a course of action that is required until such deficiencies may be remedied

Exclusions:

- Functional testing of water-based fire protection systems, clean agent systems, and dry/wet chemical systems

Portable Fire Extinguishers – Annual Inspection

Siemens will perform the annual inspection of portable fire extinguisher(s) using the locally adopted NFPA 10 edition's recommended methods as guidelines. Siemens will provide the necessary documentation to aid in satisfying local code and AHJ requirements. A list of equipment covered along with test frequencies, is found in the List of Equipment Related Services.

Specifically, Siemens will perform the following:

- Ensure portable fire extinguisher is in proper location
- Ensure no obstructions to access or visibility
- Ensure operating instructions are on nameplate, legible and facing outward
- Ensure safety seals and tamper indicators are not broken or missing
- Check fullness by hefting extinguisher
- Check for obvious damage, corrosion, leakage or clogged nozzle
- Check that pressure gauge indicator is in operable range
- Verify condition of hose, nozzle, carriage, housing
- Ensure label is in place
- Examine all mechanical parts
- External examination
- Pull pin and replace tamper seal
- Initial, date, replace inspection card as needed

Kitchen Hood Suppression System – Semi-Annual Test and Inspection

Siemens will perform the semi-annual test and inspection of kitchen hood suppression system(s) using the locally adopted NFPA 17A and NFPA 96 editions' recommended methods as guidelines. Siemens will provide the necessary documentation to aid in satisfying local code and AHJ requirements. A list of equipment covered along with test frequencies, is found in the List of Equipment Related Services.

Specifically, Siemens will perform the following:

- Ensure kitchen hood system is in proper working order
- Ensure kitchen hood system is cleaned within proper intervals per IFC 609.2
- Fusible links positioned properly
- Fusible links have proper temp
- Replace fusible links
- Ensure manual pull station is located 10 – 20 ft from protected hood in egress
- Ensure Type K fire extinguisher is located 10 – 30 feet from the protected hood
- Use dry air or nitrogen to blow through the piping and nozzles to verify no clogs or debris
- Ensure nozzle coverage and provisioning
- Disconnect chemical before tripping system
- Trip system
- Replace single use CO2 cartridge as needed
- Ensure make-up air is shut off
- Ensure exhaust fan stayed on

- Ensure gas feed shut off and then required manual reset
- Ensure electrical tripped to all appliances under hood
- Verify signal activates at fire alarm panel
- Restore system to original status

Emergency Response Times – Fire

Emergency Online/Phone Response

Emergency On-site Response

Billable Service

Emergency Onsite Response is not included within the coverage of this agreement. Siemens will respond to your request for emergency on-site service as soon as staff is available. An emergency is determined by your staff and Siemens. All service performed will be provided as a billable service.

Building Services – Sprinkler

Services that deliver the outcomes you want to achieve.

Services delivered by Siemens have been developed to help you achieve the outcomes you expect.

Fire Safety industry acronyms used in the following service descriptions:

AHJ – Authority Having Jurisdiction

NFPA – National Fire Protection Association

Sprinkler System – Annual Test & Inspection

Siemens will perform the annual test and inspection of the fire sprinkler system(s), using the locally adopted NFPA 25 edition's recommended methods as guidelines. Siemens will provide the necessary documentation to aid in satisfying local code and AHJ requirements. A list of equipment covered, along with test frequencies, can be found in the List of Equipment Related Services section of this Agreement.

Specifically, Siemens will perform the following:

Visual Inspection

- Fire sprinkler heads (from floor level)
- Exposed fire sprinkler piping and fittings (from floor level)
- Hangers, bracing and supports of fire sprinkler piping (from floor level)
- Spare fire sprinkler heads, hydraulic name plates and information signs
- Waterflow vane, pressure switch-type devices and water flow mechanical device
- Control valve, valves and associated trim
- Fire department connection
- Gauges (wet systems, dry systems, pre-action systems, deluge systems)
- Pressure reducing valves, master pressure reducing and relief valves

Testing

- Vane and pressure-type water flow devices
- Mechanical water flow devices
- Valve trip test for dry systems, pre-action and deluge systems (Partial Flow)
- Control valve tamper switches, low air device, quick opening device
- Other supervisory switches associated within the fire sprinkler system
- Low/High air pressure switches
- Main drain and to compare to previous tests
- Testing on Back flow preventer (forward flow test if applicable if valves are in place for such)
- Control valves.
- Antifreeze system (on site testing or sample may be sent to lab)
- Air compressors dedicated to water-based fire protection systems
- Automatic air maintenance device (dry system and pre-action systems)
- Priming water level per manufacture instructions (dry system and pre-action systems)
- Pressure reducing valves, master pressure reducing and relief valves by a partial flow test to

adequately move the valve from its seat

Emergency Response Times – Sprinkler

Emergency Online/Phone Response

Emergency On-site Response

Billable Service

Emergency Onsite Response is not included within the coverage of this agreement. Siemens will respond to your request for emergency on-site service as soon as staff is available. An emergency is determined by your staff and Siemens. All service performed will be provided as a billable service.

Exclusions and Clarifications

Unless expressly stated otherwise, Services do not include and Siemens is not responsible for: (a) re-installation or relocation of Equipment; (b) painting or refinishing of Equipment or surrounding surfaces; (c) parts, accessories, attachments or other devices added to Equipment but not furnished by Siemens; (d) failure to continually provide suitable operating environment including, but not limited to, adequate space, ventilation, electrical power and protection from the elements; (e) the removal or re-installation of replacement valves, dampers, water flow and tamper switches, airflow stations, venting or draining systems, and any other permanently mounted integral pipe or air duct component; (f) installation / removal, and / or rental fees for any temporary HVAC equipment if necessary; (g) Cranes, hoisting or rigging that may be required; (h) Leaks at gaskets O-rings or seals; or (i) latent defects in the Equipment that cannot be discovered through the standard provision of the Services. Siemens is not responsible for services performed on any Equipment other than by Siemens or its agents.

Siemens is not responsible for service calls due to power outages.

Siemens is not responsible for repair labor/materials/parts for covered equipment that has experienced electrical damage due to power surges, single phasing, and related electrical issues.

Service Agreement Contract Characteristics

Description	FIRE	SPRINKLER
Hours of Coverage	No Coverage	No Coverage
Response Times (Phone/Online)	2 Hours	2 Hours
Response Times (Onsite/Emergency)	Billable	Billable
Remote Services	No	No
Third Party Systems	No	Yes
Monitoring	No	No
Additional Labor Discount	20.0%	0.0%
Additional Material Discount	20.0%	0.0%

Labor and material discounts are applicable for sites identified in this agreement and are only available for the disciplines included in this agreement. Material discounts do not apply to 3rd party or non-Siemens Building Products manufactured components.

Siemens Terms of Sale (STS)

Terms of Sale (Click to download)

[Base Terms](#)

Price Escalation. If, during the term of this Contract, the price of various materials or labor or logistics are increased as reflected by CRU, CMAI, COMEX market indexes or IHS Markit, then Siemens may increase the applicable yearly Investment or apply a surcharge accordingly.

To the extent applicable, the following Supplements are incorporated and made part of the Siemens Terms of Sale:

Click on supplement(s) below to read/download

[Services Supplemental Terms](#)

The order of precedence is stated in the Base Terms (United States).

To the extent the Offerings are purchased through an existing master or frame agreement, the terms and conditions of that agreement shall apply instead of the Siemens Terms of Sale.

Siemens reserves the right to adjust prices to reflect the impact of any new or modified taxes, duties, tariffs, or equivalent measures, whether direct or indirect, imposed by any U.S. or foreign governmental authority that are applicable to the Offerings, including any hardware, software, or service components contained therein.

Siemens is entitled to amend these terms and conditions at any time without prior notice. Previous and Retired versions of Base Terms & Supplemental Terms can be found here: www.siemens.com/terms-of-sale

Agreement Terms for Investments

Services shall be provided at:

2501 W MECHANIC ST
HARRISONVILLE, MO 64701-7804

Siemens Industry, Inc. shall provide the services as identified in this Proposal and pursuant to the associated terms and conditions contained within.

Duration (Initial Term and Renewal): This Agreement shall remain in effect for an Initial Term of 1 Periods beginning April 1, 2026. After the expiration of the Initial Term, this Agreement shall automatically renew for successive one year periods. The Investments for each year after the Initial Term of the Agreement and each year of each renewal of this Agreement shall be determined as the immediate prior year's Investment plus an escalator of 5.5% or as allowed per this proposal. In addition, each renewal term pricing shall be adjusted for any additions or deletions to services selected for the renewal term.

Initial Term Investments:

Period	Period Range	Billing Frequency	Annual Price
1	Apr 1,2026 - Mar 31,2027	Annually (In Advance)	\$25,706.00
Investment Total			\$25,706.00*

Amount Due In Advance Based On Billing Frequency

Applicable sales taxes are excluded from the Investments. The pricing quoted in this Proposal is firm for 30 days.

Siemens Industry, Inc. invoices paid by credit card may be subject to a surcharge of up to 2%.

****Siemens reserves the right to adjust prices to reflect the impact of any new or modified taxes, duties, tariffs, or equivalent measures, whether direct or indirect, imposed by any U.S. or foreign governmental authority that are applicable to our offering, including any hardware, software, or service components contained therein.***

STATE OF MISSOURI, }
County of Cass, } ss.

In the County Commission of Cass County, Missouri, at the April Term, 2026, held on the 8th day of April 2026 amongst others, were the following proceedings:

RESOLUTION NO. 26-35 OF THE CASS COUNTY COMMISSION

AUTHORIZING PAYMENT TO THE MISSOURI DEPARTMENT OF REVENUE IN RESPONSE TO THE DEPARTMENT'S MARCH 5, 2026 DEMAND FOR REPAYMENT OF PREVIOUSLY DISTRIBUTED ADULT-USE MARIJUANA SALES TAX REVENUES

WHEREAS, the Missouri Supreme Court has held that Article XIV, Section 2 of the Missouri Constitution authorizes a county to impose the local adult-use marijuana sales tax only in an unincorporated area of the county and not at a dispensary located within the boundaries of an incorporated village, town, or city; and

WHEREAS, the Missouri Department of Revenue, Taxation Division, by letter dated March 5, 2026, advised Cass County that it had received and processed refund requests for previously distributed marijuana sales tax and demanded repayment from Cass County in the amount of \$745,123.20 pursuant to Missouri's statutory framework for tax refunds; and

WHEREAS, litigation is presently pending against Cass County relating to the County's adult-use marijuana sales tax collections, *Joan Hoffman v. Cass County, Missouri, Cass County Commissioners*, Cass County Circuit Court Case No. 26CA-CC00034, seeking restitution and other relief arising out of the County's collection of the 3% county marijuana sales tax; and

WHEREAS, the County Commission finds it to be in the best interests of Cass County to comply with the Department of Revenue's present demand for repayment.

NOW, THEREFORE, BE IT HEREBY RESOLVED AND ORDERED BY THE COUNTY COMMISSION OF CASS COUNTY, MISSOURI, THAT, the County Commission hereby authorizes and directs the Presiding Commissioner, County Clerk, County Treasurer, County Auditor, and such other County officials and employees as may be necessary or appropriate to cause payment to be made to the Missouri Department of Revenue in the amount of \$745,123.20, in satisfaction of the repayment demand set forth in the Department's March 5, 2026 letter.

ADOPTED BY THE COUNTY COMMISSION OF CASS COUNTY, MISSOURI, THIS 8TH
DAY OF APRIL 2026.
